

Get a head start

Bell Summer Intern Program

You're looking for a great career opportunity this summer, one that could open the door to full-time employment after you finish school. Join our Summer Intern Program in Toronto or Montréal, where you will be part of a team that directly supports our customers. You will focus on helping us deliver the best possible customer experience and identifying opportunities to improve various aspects of our business: marketing, sales, product development and service experience. The Bell Summer Intern Program is a perfect springboard to get into one of our Graduate Leadership Programs, which aim to develop the next generation of leaders.

Why join us?

- **See** the impact you can have on creating better customer experiences.
- **Design** solutions with a consulting team.
- **Develop** your analytical, project management and communication skills.
- **Raise** your game through collaboration with senior leaders.
- **Kick-start** your career.

What you will do

Over the course of the three-month program, you will receive extensive training on Bell's services and master our customer support tools. This will serve as the foundation for your work, where you will have the opportunity to directly interact with our customers. You will then become an internal consultant and work with a team on a project to improve the customer experience.

Highlights

- Benefit from extensive training and ongoing support from Canada's leading communications company.
- Learn and grow through amazing peer-to-peer support.
- Build your network with our community of grads.

- Secure advanced eligibility to one of our best-in-class Graduate Leadership Programs and a permanent position when you graduate — 95% of new grads stay with Bell and are highly satisfied with their career choice.

Think you've got what it takes?

We're looking for smart, curious team players who are:

- Successful third-year students working toward a Bachelor's degree in business, business technology management, engineering, computer science, math/statistics or economics (Spring 2016 graduation).
- Natural leaders with a passion for learning new skills.

- Easygoing collaborators able to balance confidence with putting the customer first.
- Talented and enthusiastic go-getters.
- Hard workers, persistent in the face of challenges and opportunity.

What your future colleagues have to say

"My favourite aspect of working at Bell is that everyone is so supportive. If you have questions or concerns, not only can you reach out for help, but it's encouraged."

– Tim Wang, University of Toronto

"I love working at Bell, because you get the chance to make a real impact, and the growth opportunities are endless."

– Nicole Bacci, McMaster University

Tim Wang,
Graduate, University of Toronto
