

# Toll Restriction

## Unregulated terms and conditions

### General Information.

Bell's **Toll Restriction** service ("**Service**") is provided to you, the customer ("**Customer**" or "**you**") by Bell Canada or Bell Aliant ("**Bell**") in accordance with Bell's Unregulated Terms of Service ("**UTOS**") found at [www.bell.ca/terms](http://www.bell.ca/terms), as well as the following additional Terms and Conditions. The UTOS, your invoice for the Service, and these Terms and Conditions are together referred to as the "**Agreement**". If you are a customer in Bell Aliant Regional Communications, Limited Partnership ("**Bell Aliant**") territory, your Service will be provided by Bell Aliant on the terms and conditions set out in this Agreement, in which case references to Bell mean Bell Aliant. These Terms and Conditions take precedence over the UTOS to the extent they conflict with the UTOS.

### Description of Service.

The Service denies business lines access to message toll services by blocking the Operator ("0") and Direct Distance Dialing ("0+") & ("1+") codes. This Service does not (i) restrict access to Directory Assistance (4-1-1), Repair Service (6-1-1), Bell Relay Service (7-1-1), Emergency Reporting services (9-1-1) or, calls to 1-800 and 1+NPA+555-1212 served by DMS technology; nor (ii) prevent any person at Customer's business premises from accepting collect calls or third number calls on a line equipped with this Service.

The Service is provided, subject to the availability of suitable equipped central office switching equipment, on individual lines, 2-party lines, foreign exchange lines, Digital Exchange Access PSTN connectivities, standalone Microlink B or VB channels, digital foreign exchange channels and other services as specified by Bell.

### Service Charges.

In addition to the Fees, Bell may apply service charges ("**Service Charges**") from time to time, including without limitation in connection with (i) orders, rulings, mandates or directives received from the CRTC; (ii) returned or rejected payments, collection efforts and administrative costs; and (iii) for work associated with the set-up, installation and/or move and rearrangement of the Services including without limitation, a set-up charge for existing business lines, channels or PSTN connectivities, except that it does not apply to restrict the first line, channel or PSTN connectivity of Customer's order to be completed at the same time on the same premises. Bell may increase the Service Charges from time to time.
