SERVICE – VOICE AND INTERNET (BUSINESS
CUSTOMERS) ("Agreement")**

Call Blocking

General Information.

The **Call Blocking** service ("**Bell Service**") is provided to you as Customer by Bell in accordance with the Agreement as well as the additional terms set out in this Schedule.

1. Description of Service.

Call Blocking Service enables Customer to restrict access from its telephone lines to the following services:

- 900 Service, and
- 976 Service.

The Bell Service is provided, at Customer's request, on individual lines served from all stored-program control switches initially and from non stored-program-controlled and DMS-10 switches on a scheduled roll-out basis. The Bell Service is also provided on Microlink Home ISDN and standalone Microlink B or VB channels. It is not available with 2- and 4-party services.

Note: Call Blocking to 900/976 Service is a different service from Bell Call Display Blocking. The Call Display Blocking Service provided by Bell is available to customers wishing to protect the anonymity of their calling number and name and may also be used to protect the anonymity of the listed name.

2. Fees.

Call Blocking to 900/976 Service is provided at no monthly charge and no service charge for Customer's initial request for Call Blocking.

3. Service Charges.

In addition to the Fees, Bell may apply service charges ("**Service Charges**") from time to time, including without limitation in connection with (i) orders, rulings, mandates or directives received from the CRTC; and (ii) for work associated with the installation and/or movement and rearrangement of services, including all subsequent Customer requests to activate or de-activate Call Blocking to 900/976 Service, charged on a per line basis. Bell may increase Service Charges from time to time.
