

## Intrinsically safe mobile solutions.

Protect your most important assets – your employees.

Employees that work in harsh, isolated environments with sensitive materials are vulnerable to the volatility of their surroundings. Bell offers intrinsically safe mobile solutions that allow employees to stay connected with their teams and comply with strict safety and regulatory requirements. A closely connected workforce is more productive and better equipped to respond quickly to emergency situations. Intrinsically safe mobile solutions protect your workforce and your business.

### Sonim XP5560 BOLT 2 IS (Intrinsically Safe).
